Statement of.....

Policy and Responsibility

SUBJECT: FEES, TEXTBOOKS, AND SUPPLIES

A. GENERAL PROVISIONS

1. No fees may be charged in kindergarten through sixth grades for materials, textbooks, supplies, or any class or activity, including assemblies and field trips.
2. Textbook fees may only be charged in grades seven through twelve.
3. Any class established or approved which requires payment of fees or purchase of materials, tickets to events, etc., in order for students to participate fully and to have the opportunity to acquire all skills and knowledge required for full credit and highest grade will be subject to fee waivers.
4. Students who choose optional projects may be required to pay for the additional cost of that project.
5. Student supplies will be provided by the district for elementary students. A student may, however, be required to replace supplies provided by the school which are lost, wasted, or damaged by the student through careless or irresponsible behavior.
6. The official uniform for each organization shall be selected by a committee which includes students, parents, sponsors and administrators.
7. If students desire to participate in a summer clinic, they would do so at their own expense. No one will be required to attend or be penalized for non-participation.

B. DEFINITIONS

1. STUDENT SUPPLIES

   Items which are used in the instructional process, i.e., papers, scissors, crayons.

2. TEXTBOOK

   Book, workbook, and materials similar in function which are required for participation in the course of instruction.

C. FEES

The Board wishes to hold fees to a minimum. In some classes a fee or a charge for materials may be made. Textbook, student body, and class fees may be charged in the junior and senior high schools. The amount of all fees will be set by the Board annually and will be reviewed by the end of April.
