MCSD GUIDELINES FOR A SAFE RETURN TO SCHOOL

Learning Options for Grades K-12

Classroom
Families will have the choice of in-class learning five days a week, directed by an instructor.

Hybrid
Families will have the choice of a flexible schedule that includes classroom AND online learning.

Online
Families will have the choice of digital home learning, directed by an instructor.

Families choosing online learning will need to commit to that for an entire semester. School lunch will be available for online learning students to pick up at the school each day.

Keeping School Environments Safe

Face Coverings
Students, teachers, staff, and visitors will be required to wear a face covering.

Lunch and Breakfast
Meals will be served in sacks and containers. Mealtimes will be staggered to help with distancing.

Social Distancing
Classroom seating and all activities will be arranged to include social distancing wherever possible.

Transportation
Students will be required to wear a face covering while on school buses. Seating will be assigned.

Handwashing
Frequent handwashing and sanitizing will be taught and exercised.

Office Areas
Plexiglass barriers will be installed to protect office staff, students, and patrons.

Disinfection
Classrooms and building interiors will be disinfected on a daily basis, including surfaces and touch points.

Foot Traffic Flow
Directional signs will be placed in classrooms, hallways, and other parts of the building to help with social distancing.

Backpacks and Lockers
Students will be given limited access to lockers. Personal belongings and school materials should be stowed in backpacks.

Playgrounds
Playgrounds will be open for recess and equipment will be sanitized regularly. Personal equipment will not be allowed.

Water Fountains
Students will be given a water bottle to use at contactless fountains.

School Visitors
Visits from family members of students will be restricted.

Restrooms
Students will be allowed access to restrooms as needed.

Respect
All students will be taught to respect these and other guidelines.

We all have a part to play in keeping students safe this year. Please monitor your student daily to ensure they are not sick. If they are, keep them home and contact your school.
