Ensuring Total Safety

Along with school campus protocols, MCSD will deploy several different guidelines for busing and before/after school to ensure the safety of our students, educators, and staff.

Busing Protocols

Bus Driver and Attendant Protocols
- Must wear face coverings
- Will use hand sanitizer often and regularly
- Will receive daily temperature checks
- Must be quarantined if exposed to someone testing positive for COVID-19

Student Protocols
- Must wear face coverings; one will be provided if a student comes without one
- Students will be assigned seats and sit with family members where possible
- Hand sanitizer will be available and encouraged as they board

Bus Protocols
- Weather permitting, roof hatches and windows will be open to allow cross ventilation
- After each run, drivers and attendants will sanitize high touch points (rails, seats, and other especially volatile areas)
- Also, after each run and again at the end of the day, buses will be fogged with disinfectant; no one will be allowed on the bus for at least 30 minutes after fogging

Arrival and Departure from School Guidelines

Please do not arrive before the times listed below. Students will be expected to physical distance when waiting outside the building with their masks on.

**School Arrival Times**
- Elementary – no sooner than 8:20 am
- Jr High – no sooner than 7:35 am
- High School – no sooner than 7:30 am

**Other Guidelines**
- Families transporting students are asked to wait in cars, or if outside to wear a face covering and physically distance from one another.
- Families who need to speak with principals or teachers are asked to do that by phone, email, or appointment

We all have a part to play in keeping students safe this year. Please monitor your student daily to ensure they are not sick. If they are, keep them home and contact your school.
