Aspire

Online Registration for Current and Former Students
Current and Former Student Registration – without an Aspire account you can create an account by doing the following.

Go to the login screen for Aspire and select Contacts with Web Access may Request a Username and if that is not showing on the screen select Have a new student? Register Student for Enrollment
Enter the information for your student and you will then be able to create an Aspire user account.

Current and Former Student Registration – with an Aspire account you have two ways that you can get in to register your student(s). First you can click on the following link from the login page.
It will take you to the following screen.

If the school district does not have a registration window open or your child has not been enrolled in this school district within the past year, you will not see Register on the student cards or Register Student for Grade on the Student Lens.
If you click on Why? You will see the following:

Now you can login then click on Register from the student card, then from the Student’s Lens you can click on Register Students for the grade they will be entering.
Click on Enrollment Information.

All of the information that was previously entered for the student will be uploaded to the screen. You will want to check and add information that has changed. You will not be able to change legal first name, legal middle name, legal last name, birthdate and gender. If you find that something is wrong in any of those fields you would need to contact the school. You will now enter the **Student information**.

If you put a check in the box by Specify Preferred Names, you will be able to put the name that the student would like to be referred to but, legal name is how students will be tracked and will display on many screens.

If the student was born outside the U.S. - Please add the date the student First enrolled in a U.S. School and What date did the student first enter the U.S.?
If no changes are needed, click on Save and the following screen will pop up.

Now read all agreements and type your name, which will be your electronic signature meaning you have read and agree to the terms and conditions of the agreements.

After you Save and Continue it will take you back to the following screen where you can either return to Aspire and register another student or logout of the system.
Register student for grade 6 at

#1 - Enrollment Information Complete
#2 - Security Policy Complete

This student’s registration is complete, has been sent to the school, and is pending enrollment.
