Just a Few **Inspired** Reasons We Work **Together** So Well...

Competitive Wages: We are small, but we don't play small and can claim the 3rd highest starting pay in the state.

Professional Growth: Educators are supported with lots of PD, advancement opportunities, and teaching grants.

Healthy Benefits: Comparable to most districts with most benefits, we boast of generous leave benefits.

Daytime Childcare: Located at MHS, Spartan Station provides preschoolers of educators with a safe and stimulating learning environment.

High Job Satisfaction: MCSD employees report high job satisfaction, valuing the district's size, opportunity for growth, and leadership approachability.

Connectivity with Administration: Team members at MCSD feel trusted, valued, and supported by their leadership and colleagues.

"My Murray kindergarten students are, and will be, amazing people! When I come to work, I am surrounded by great role models and helpful colleagues. I appreciate how our district leadership is closely connected to me and my students."

Michelle Christie, Kindergarten Teacher, Horizon Elementary School

"I genuinely love Murray. Having worked in other nearby districts, I appreciate the positive differences that a small district is able to provide. Whenever there are salient changes in the district, the superintendent is in our faculty meetings to address concerns and can call on individuals by name."

Jon Smith, Photography Digital CTE Teacher, Murray High School

"You know the saying, 'The best things come in small packages.'? This phrase applies to Murray School District! We may be a small district, but it is the BEST! We collaborate with teachers from other schools, as well as other grade levels on a regular basis. The people I work with at my school feel like family, and those who work at other schools are my extended family!"

Jennifer Frampton, First Grade Teacher, Grant Elementary School
