

EARLY CHILDHOOD EDUCATION CENTER

A Program of Murray City School District

VISION STATEMENT

ECEC is a place where **ALL** children have an opportunity to play and learn together. It is a place where the individual needs and special interests of each child are addressed by engaging within their environment, with families through instruction and with peers.

WE BELIEVE:

- Each child is an individual with unique characteristics
- In promoting each child's self-esteem
- In addressing the cognitive, social/emotional, physical, behavioral and language needs of each child
- Each child should be served in the least restrictive environment
- That an inclusive setting provides benefits to students and staff alike
- In providing a continuum of services
- In working together, collaboratively, as a well trained team

OUR MISSION:

To provide the best possible preschool experience for each child in our care.
