REQUEST FOR PROPOSAL

Teacher Laptop Procurement

Solicitation #2023-03T

XI. QUESTIONS FROM BIDDERS AND RESPONSES:

Q: I had some questions about the RFP you shared. I am looking at 2 LG Gram models for you currently. The 14 and 16 inch models. The 14-inch model we carry doesn't meet the LPDDR5 spec you requested while the 16 inch does. However, the 16-inch option has more storage than you requested. I would love to share both options with you regardless, but can you please look at the two models linked below and let me know which one seems more suitable for you? This will also ensure I have the correct warranty option attached.

A: We will only be considering 14" Models in our procurement.
